

INVESTMENT MANAGERS

This information is current as at March 2024

Listed below are the investment managers and funds we use to manage your money. We've chosen these managers to achieve appropriate diversification and because we believe they'll exercise integrity, prudence and professional skill in managing your money.

- The list is current as at the date shown above and can change without notice.
- Read the Product Disclosure Statement for the asset class mixes of each investment option.
- You can't invest directly into the Alternatives asset class. Alternative assets are included in the investment strategy of our pre-mixed investment options. You can invest in these through the default investment option or by making an investment choice.
