Why insurance

Protect your biggest asset – you!

Your family probably relies on your income to put a roof over their head, so it makes sense to protect that income as part of a complete financial plan. Most Australians don't think twice before insuring assets like their home and car, but it's equally important to think of yourself as an asset. Consider that the average wage earner would make around \$3.2 million over their working life¹. That's worth protecting! If you become sick, disabled or die, your family can use your insurance proceeds to maintain their lifestyle, rather than finding other ways to make ends meet.

What's on offer?

We offer a range of flexible insurance options designed to protect you and your family if you're unable to work because of sickness or injury, become permanently disabled or die:

- + Death and Terminal Illness (DTI) insurance – provides a lump sum payment if you die or become terminally ill.
- + Total and Permanent Disablement (TPD) insurance – provides a lump sum payment if you're disabled and permanently unable to work.
- + Income Protection (IP) insurance – provides a temporary income if you're unable to work due to an illness or injury.

The benefits of having insurance through your Mine Super account

- + When you join Mine Super you receive automatic insurance if your employer is contributing to your super account with us plus you have the option to apply for extra DTI and TPD insurance.
- + Our insurance caters for people working in mining and supporting industries, who can find it hard to obtain adequate and reasonably priced insurance due to their jobs.
- + We have a dedicated claims team to help you through the claims process, including your own personal case manager.

- + Simple ways to update and review your insurance, including the ability to apply for Voluntary Insurance Cover, change your insurance and make a claim over the phone.
- + Access to Mine Super Financial Advice. They aim to make sure you receive the right advice to make the most of your individual situation, and it won't cost the world. Visit our website mine.com.au/advice for more information.

Why insure through super

- + Affordability – We can negotiate competitively priced premiums with our insurer because of the large group of members covered.
- + Hassle free payments – Your insurance is easier to manage as the premiums are automatically deducted from your super account, so you don't need to worry about budgeting or making payments.
- + Automatic insurance cover – insurance without having to provide medical and financial information.

Although there are advantages of insuring through your super, it might not be the best solution for everyone, particularly if you have an existing problem and other insurance. You should talk to your financial adviser to see what's best for your situation.

Our insurance - DTI and TPD

What is it?

Death and Terminal Illness (DTI) insurance pays a lump sum if you die or you are terminally ill and have less than 24 months to live.

Total and Permanent Disablement (TPD) insurance pays a lump sum if you become totally and permanently disabled.

There are two types of Death and Terminal Illness and TPD insurance – Basic Insurance Cover and Voluntary Insurance Cover.

Basic Insurance Cover

What is it?

Basic Insurance Cover is DTI and TPD insurance that's automatically added to your account. You don't need to apply or have your health assessed. You'll receive a set amount of insurance based on your age.

You can only have Basic Insurance Cover on one account.

Who can have it?

Generally, you're eligible for Basic Insurance Cover if you're a member of the Fund and:

- + you're aged 15 to 64
- + you're working
- + you're legally entitled to be a member of Mine Super
- + your employer is contributing super to your account, including salary sacrifice contributions, provided they make their first super contribution to your account within 180 days of you starting work with them.

You can't have this insurance on your account if at the time your account started, you'd been paid or were entitled to be paid a terminal illness benefit. If you've previously been paid or were entitled to be paid a TPD benefit, then you'll receive Limited Cover. Go to page 19 for more information.

What are the default conditions of my cover?

When you receive Basic Insurance Cover, you'll automatically receive a 'mining' job classification. If your job doesn't fall under the 'mining' job classification, you should tell us as you could pay more for your insurance than you have to. Go to page 16 for more information.

What if I'm self-employed?

You can ask us to add Limited Default Cover to your account. If you have Limited Default Cover, you won't be covered for any medical conditions you had in the two years prior to your cover starting. Your cover will start on the date of your first contribution.

What if I've already been paid a TPD benefit?

If you've previously been paid a TPD benefit, or are entitled to be paid a TPD benefit before your cover commences or recommences, you'll be entitled to Limited Cover only.

Limited Cover means you're only covered for a sickness that first becomes apparent or an injury that first occurs on or after the date your insurance started, restarted or increased. Go to page 19 for more information.

How much cover do I get?

Age	DTI	TPD
15-24	\$50,000	\$50,000
25-49	\$100,000	\$100,000
50-54	\$80,000	\$80,000
55-59	\$60,000	\$45,000
60	\$50,000	\$25,000
61	\$50,000	\$20,000
62	\$50,000	\$15,000
63	\$50,000	\$10,000
64	\$50,000	\$5,000

Your DTI cover will reduce by any amount of TPD cover you're paid by us.

You can apply for extra DTI and TPD or DTI only insurance cover. For more information go to page 8 under the heading 'Voluntary Insurance Cover'.

How much does my insurance cover cost?

This depends on the amount of your cover, your age, your gender and your job classification. Go to page 24 for the premium rates.

What aren't I covered for?

You're not covered if your claim is caused by war involving Australia or New Zealand or any other country you live in. If you have Limited Cover or Restricted Cover, other exclusions apply. For more information go to pages 19 and 20.

When does my Basic Insurance Cover stop?

When one of the following happens:

- + You turn 65.
- + You ask us to cancel your cover.
- + You die.
- + You're paid a terminal illness or TPD benefit. If you're paid a Basic TPD Insurance Cover benefit, any death cover above your TPD benefit will transfer to Voluntary Insurance Cover. The amount of your DTI insurance cover will be reduced by the amount of the TPD benefit you're paid.
- + There isn't enough money in your account to pay for your cover, except for the first 120 days of when Basic Insurance Cover is added to your account.
- + You start active service with the armed forces of any country, although if you're a member of the Defence Force Reserve your cover will stop only when you become the subject of a call out order.
- + You're no longer entitled to hold an interest in the Fund.
- + You no longer have a Mine Super account.

How can I cancel my Basic Insurance Cover?

Call us on 13 MINE (13 64 63) or fill out a Cancel my insurance form which you can find at mine.com.au/super-forms

If you cancel your Basic Insurance Cover within 90 days of the date of your welcome letter we will refund your premiums to your account.

What can I customise on my Basic Insurance Cover?

Your job classification

You can update your job classification to reflect the type of job you have. If you don't, you'll be given a Mining job classification. If you're not a miner, this could mean that you'll pay more for your cover than you need to.

To update your job classification, call us on 13 MINE (13 64 63) or fill out a Change my insurance form which you can find at mine.com.au/super-forms

For more information on the job classifications go to page 16.

Transfer cover

You can transfer DTI / TPD insurance cover you have elsewhere to your Mine Super account as Voluntary Insurance Cover. You'll need to complete an application form and answer some health questions. Our insurer will assess your application and decide whether or not to add this cover to your account.

Any restrictions such as exclusions or premium loadings will transfer over but you won't be charged for these. Any restrictions on your current cover will also apply.

Once your cover has been transferred, you must cancel your other policy.

The maximum amount you can transfer is \$1 million. The amount you transfer will need to be the same amount of insurance you have elsewhere, rounded up to the nearest \$10,000.

Can I convert my Basic Insurance Cover to Voluntary Insurance Cover?

Yes but you need to do this before you turn age 65. The cost of your insurance will be based on Voluntary Insurance Cover premium rates.

You might want to consider this:

- + to lock in your cover amount as Basic Insurance Cover reduces from age 50
- + if you want to continue with your cover after age 65 when your Basic Insurance Cover ends.

Special offer – Introductory Cover Option

You can increase your Basic Insurance Cover under our 'Introductory Cover Option'. Under this option, you can apply to double your Basic Insurance Cover within 60 days of receiving your welcome letter. If you're over 50 we'll ask you some basic questions about your health. You can only use this option once.

The cost of this extra cover is based on Basic Insurance Cover premium rates.

To increase your insurance under this option, you'll need to complete a Double your Basic Insurance Cover form. You can find this form at mine.com.au/super-forms

Special offer - Significant Life Event Option

There are eight events when you can increase your Voluntary Insurance Cover without having your health assessed:

- + Taking out a mortgage or increasing it by \$100,000.

- + Divorcing.
- + A dependent child starting high school.
- + Completing an undergraduate degree.

Voluntary Insurance Cover

What is it?

Voluntary Insurance Cover is DTI and TPD insurance cover that you've applied to have added to your account. You can have different amounts of DTI and TPD cover but you can't have TPD cover by itself or for an amount more than your DTI cover. If you have just DTI cover you can apply to have TPD cover added later on.

Who can have it?

Any member aged between 15 and 69 for DTI cover and 64 for TPD cover.

Our insurer will assess your application and might apply special conditions to your insurance because of your health, lifestyle and pastimes. Your application might also be declined.

How do I apply for Voluntary Insurance Cover?

You can apply over the phone by calling 13 MINE (13 64 63) or by filling out an Apply for Voluntary Insurance Cover form.

Am I covered while my application is being assessed?

While your application is being assessed you'll have 'Interim Accident Cover'. For more information go to page 19.

You can choose the amount of Voluntary Insurance Cover you want to apply for. You can apply for any amount of DTI cover and up to a maximum of \$2 million of TPD cover. The terminal illness component of your DTI cover is a maximum of \$2.5 million.

Your Voluntary TPD Cover reduces after you turn age 65.

It reduces by 20% each year on your birthday until it reaches zero when you reach age 70. This is outlined in the table below.

From age 65, you'll also only be able to make a TPD claim under Part 2 of Definition one of Total and Permanent Disablement on page 21.

Our insurance – Income Protection insurance

What am I covered for?

If you join Mine Super and your employer is contributing to your super account with us, you'll automatically receive IP insurance. If your employer isn't contributing to your account, you can still have IP insurance but you'll need to apply.

What is automatic IP insurance?

If you receive automatic IP insurance, you're covered for:

- + sicknesses – ones that occurred before and occur after your insurance starts, except if you're not 'actively at work' when your insurance starts. If you're not 'actively at work', you'll only be covered for sicknesses that first become apparent after your insurance starts until you've been 'actively at work' for 30 consecutive days.
- + injuries – ones that occur after your insurance starts. You're not covered for injuries that occurred before your insurance started.

What if I've applied to have IP insurance added to my account?

If you didn't get automatic cover but applied to add IP insurance to your account, you won't be covered for any sicknesses or injuries you had at the time you applied.

Go to pages 18 and 20 for definitions of sickness and injury.

What are the conditions of my automatic IP insurance?

If you don't make any changes your automatic IP insurance will have a:

- + Waiting period – 60 days
- + Benefit period – 2 years if you're under 65 and if you're aged between 65 and 70:
 - for sicknesses – 12 weeks or to age 70, whichever occurs first
 - for injuries – 52 weeks or to age 70, whichever occurs first

+ Salary – \$80,000

+ Job classification – Mining

You can ask us to change these to reflect your personal circumstances. We'll also update your salary if your employer gives us your salary when they make your super contributions.

What if I am self-employed?

You'll need to apply to add IP insurance to your account by filling out an Apply for Income Protection insurance form. You won't be covered for any sicknesses or injuries you had at the time you applied.

How much cover do I get?

It's important to let us know what your salary is so that you pay the right premium. If you meet the requirements for an IP claim you will receive the **lesser of:**

- + 75% of your insured salary at the date you become disabled plus 9.5% of this salary paid as a super contribution to your Mine Super account, or
- + 75% of your actual salary (go to the next page for how to calculate this) plus 9.5% of this salary paid as a super contribution to your Mine Super account. If you've been employed with an employer who makes your super payments to us for less than 12 months, your salary will be based on the average across the time you've been employed with them.

Your IP benefit amount is capped at a maximum of \$18,461.54 per fortnight if your job classification is Professional or White Collar or \$11,538.46 per fortnight if your job classification is Light Manual, Heavy Manual or Mining.

Payments to help you return to work

If you become sick or suffer an injury, you might also be able to get up to \$25,000 for:

- + modifying your home or workplace to help you return to work
- + vocational training, including counselling.

These payments are paid directly by the insurer.

How do you calculate my salary?

The salary used to calculate your insurance benefit is:

- + **If you're employed** – what you earn before tax in the 12 months immediately prior to the date you became disabled. It includes incentive payments and bonuses, overtime, shift loadings and allowances and any salary package you can take as cash. If you started working for a participating employer of the Fund for the first time in the previous year, your salary will be based on your average salary for the time you've worked for a participating employer. Your salary doesn't include super contributions your employer pays for you.
- + **If you're self-employed** – what you earned from your own personal exertion in your business before tax is taken out (gross salary) in the 12 months immediately prior to the date you became disabled, less your business expenses in earning that income.

How much does my insurance cover cost?

This depends on the amount of your cover, your age, your gender, your job classification and, for some types of cover, if you smoke. Go to page 27 for the premium rates.

What am I not covered for?

You're not covered if your injury or sickness:

- + is intentionally self-inflicted, including attempted suicide
- + is from a normal and uncomplicated pregnancy and childbirth
- + relates to any act of war, whether declared or not, revolution, invasion, rebellion or civil unrest
- + is caused by you participating in a criminal act
- + can't be paid due to relevant legislation governing this insurance
- + occurred participating in professional sporting activities and your IP insurance started after 31 March 2017.

If you've been paid a benefit for the maximum benefit period, you will no longer have cover for that sickness or injury. You will still be covered for any other unrelated sicknesses or injuries.

What happens to my benefit if I'm getting other income?

If you're working in a reduced capacity, and your income is less than the income you earned before you were disabled, you might be eligible for a partial disability benefit. For more information go to the 'Important definitions and meanings' section' on page 20.

Other income that might reduce your benefit includes things like sick leave, workers compensation payments, payments from other insurance policies or income from a job that's not your usual one. Income from investments, lump sum TPD and trauma insurance benefits and genuine gifts won't reduce the amount you receive.

If you're being paid a benefit and also receiving workers compensation payments, your IP benefit payment will stop when a doctor considers that you're fit to return to work. If you're appealing a Workers Compensation Authority decision, then you might be able to continue receiving benefits under this policy, subject to you agreeing to repay benefits at the conclusion of the appeal.

When will my Income Protection insurance cover stop?

When any one of the following occurs:

- + You turn 70.
- + 12 months after you stopped working for your participating employer.
- + You're on approved leave (including parental leave) for more than 24 months.
- + You're no longer a member of the Fund.
- + You retire permanently.
- + You cancel your insurance.
- + You no longer have enough money in your account to cover the cost of this insurance.
- + You start service with the defence forces of any country, except if you're in the defence force reserves and not overseas.
- + You make a fraudulent claim.
- + You die.
- + The insurance policy we have with the insurer, as a whole, is terminated.

How can I cancel my Income Protection insurance?

Call us on 13 MINE (13 64 63) or fill out a Cancel my insurance form which you can find at mine.com.au/super-forms

What can I customise on my Income Protection insurance?

We've designed our IP insurance so you can customise it to meet your personal circumstances. You can change your:

- + insured salary
- + waiting period
- + benefit period
- + job classification
- + smoking status.

If you improve your cover (ie. increase your salary, decrease your waiting period and / or extend your benefit period) more than 60 days after the date on your welcome letter, you won't be covered for existing sicknesses or injuries for the improved part of your cover.

There are exceptions to this. You'll be covered for existing sickness for the improved part of your cover if:

- + you make this change within 60 days of the date on your welcome letter
- + the increase to your salary is part of a documented promotion or pay-rise by your employer
- + the increase to your salary is a normal variation, for example overtime.

Special offer to improve your IP insurance

Under our special offer, you can improve your automatic IP insurance and be covered for existing sicknesses on the improved part of your cover if:

- + you apply within 60 days of the date on your welcome letter, and
- + you're 'actively at work' on the date your cover started and when you signed the form to make the change, and
- + you don't suffer an injury or sickness between the date your insurance started and when we received your form to make this change.

An improvement to your cover is when you decrease your waiting period from 60 days to 30 days and / or extend your benefit period from 2 years to 5 years. Higher premiums do apply for improved cover.

Changing your insured salary

You can change the salary you're covered for at any time, provided the amount isn't more than your actual salary and is below the maximum limits. If, at the time you make a claim, your actual salary over the past 12 months is less than your 'nominated salary', you'll only be covered for your actual salary.

Changing your waiting period

You won't be paid a benefit during the waiting period. After your waiting period ends, benefits will start to be paid.

You can change the standard 60 day waiting period to suit your individual circumstances. You can change it to 30 days, 90 days, 120 days or up to 2 years. The cost of your IP insurance generally decreases the longer you wait to be paid a benefit.

If you apply for a 30 day waiting period within 60 days of your Income Protection insurance starting but you:

- + weren't 'actively at work' when your Income Protection insurance started, or
- + weren't 'actively at work' on the day you made this change, or
- + incurred an injury or sickness between the day your Income Protection insurance started and when we received your change application form,

the 30 day waiting period won't take effect until you've been 'actively at work' for 30 consecutive days. Also, you'll still have a 60 day waiting period for any claim that relates to the sickness or injury which caused you to not be 'actively at work', or which occurred before we received your change application form, until 12 consecutive months have passed without you missing work due to that injury or sickness.

Extending your waiting period to up to two years – Policy Extension Option

Generally it's not cost effective to have two IP policies at the same time as any benefits paid will offset each other and you'll not get the full amount of the benefits you've been paying for. If you already have IP elsewhere though you might consider taking up our Policy Extension Option. This option allows you to extend the waiting period on your

Mine Super IP insurance to up to two years to match the benefit period of your other IP policy. This means that when benefit payments stop on your other insurance, you can start having benefits paid from your Mine Super insurance.

Under the Policy Extension Option:

- + the cost of your insurance won't change.
- + it's only available if you have a two year benefit period and 60 day waiting period.
- + must be taken up within 90 days of the date on your welcome letter or within your current waiting period after you become sick or injured.

Extend your waiting period to the end of your sick leave

If your employer makes you take sick leave for a period longer than your waiting period, you can extend your waiting period until your sick leave ends. The benefit of doing this is that your benefit payments won't be reduced by the amount of your sick leave payments.

To do this:

- + you must have a two year benefit period and a 60 day waiting period
- + your waiting period can only be extended up to a maximum of two years
- + you must apply for this extension during your existing waiting period

Changing the benefit payment period

You can increase the standard two year benefit period to five years. The cost of your insurance will increase by 80% as this improves your cover. If you make this change after 60 days of the date on your welcome letter, you'll also be charged 20% extra if you smoke.

There are some restrictions for medical conditions you had before applying to make this change. For more information go to the section titled 'Important definitions and meanings' on page 18.

If you apply for a five year benefit period within 60 days of your Income Protection insurance starting but:

- + weren't 'actively at work' when your Income Protection insurance started, or
- + weren't 'actively at work' on the day you made this change, or
- + incurred an injury or sickness between the day your Income Protection insurance started and when we received your change application form,

the five year benefit period won't take effect until you've been 'actively at work' for 30 consecutive

days. Also, you'll still only have a two year benefit period for any claim that relates to the sickness or injury which caused you to not be 'actively at work', or which occurred before we received your change application form, until 12 consecutive months have passed without you missing work due to that injury or sickness.

You can't have a five year benefit payment period together with a waiting period of up to two years.

Changing your job classification

If you change roles, you should update your job classification. To do this, call us on 13 MINE (13 64 63) or fill out a Change my insurance form which you can find at mine.com.au/super-forms

For more information on the job classifications go to page 16.

Changing your smoking status

If you improve your cover or have applied for cover, ie. not received it automatically, you'll have answered questions about whether you smoke or not because there are additional premiums on that type of cover for smokers. If you have that type of cover and start smoking or no longer smoke, you need to tell us as it affects the cost of your insurance and could impact a claim if you need to make one. To update your smoking status, call us on 13 MINE (13 64 63) or fill out a Change my insurance form which you can find at mine.com.au/super-forms

Transfer cover

You can transfer IP insurance you have elsewhere to your Mine Super account. You'll need to complete an application form and answer some health questions. Our insurer will assess your application and decide whether or not they're happy to take on this cover.

Any restrictions such as exclusions will transfer over but you won't be charged for these. Any restrictions on your current cover and premium loadings under our policy will apply.

Once your cover has been transferred, you must cancel your other policy.

The maximum amount of cover you can transfer is a fortnightly benefit payment amount of \$6,923.08 (\$180,000 pa) and the maximum time you can be covered for is 260 weeks even if you were covered for longer on your previous policy.

If the waiting and benefit payment periods on your other insurance are different from the ones on your Mine Super account, you'll receive the next longest waiting period and the next shortest benefit period.

How do I make a claim?

We have a dedicated claims team to assist you through the claims process. We'll provide you with a dedicated claims officer who will work with you and our insurer throughout your claim. If you need to make a claim, or would like to discuss making a claim please call us on 13 MINE (13 64 63).

To make the claims process easier for you, we'll ask our insurer to contact you by phone to talk to you about your claim. This means less forms for you to complete! Of course, if you'd still like to complete a form, we can send one to you.

What if I'm overseas and claiming a TPD or terminal illness benefit?

If you make a claim our insurer can ask you to return to Australia at your expense so your claim can be properly assessed.

Claim type	What is it?	How is it paid?	How do I access the benefit?
Death	Lump sum payment	To your Mine Super account.	As your benefit is paid to your super account, it forms part of your death benefit which is then paid to your dependants or estate.
Terminal illness (TI)	Lump sum payment	To your Mine Super account.	To receive your benefit you must also meet a 'condition of release' under super law. Once you meet one of these conditions, you can access your benefit. In most circumstances if you're paid a TI or TPD benefit you'll also meet a condition of release.
Total and permanent disablement (TPD)	Lump sum payment	To your Mine Super account.	
Income Protection (IP)	Fortnightly payments	Your fortnightly benefit is paid to your bank account and the super contribution is paid to your Mine Super account.	We've arranged for the insurer to pay the benefits directly to you. We only allow access to the insured component of your account if you suffer temporary incapacity.

What if I'm overseas and either on claim or wanting to claim an Income Protection benefit?

If you're overseas when you submit a claim, the maximum benefit period is nine months while you're overseas. If you return to Australia benefits will continue for the rest of your benefit period or until you're able to work again.

If you make a claim our insurer can, if it's reasonable, ask you to return to Australia at your expense for assessment of your claim.

Do I get any of my premiums back?	Special considerations	Can I claim more than one type of benefit at a time?	Where can I find more information?
Premiums will be refunded back to the date you died.	Nominate your beneficiaries and have a say in who receives your benefit when you pass away. Go to mine.com.au/nominate	No, as all insurance cover stops at the time you die.	Call us on 13 MINE (13 64 63) or read our 'What happens to super when a person dies?' fact sheet at mine.com.au/super-factsheets
Premiums will be refunded back to the date you were certified as terminally ill by two doctors.	None.	You can claim a TPD or TI benefit along with an IP benefit. You can't claim both a TI and TPD benefit.	Call us on 13 MINE (13 64 63) or for more information on the conditions of release, read our 'When can I access my super' fact sheet at mine.com.au/super-factsheets
Premiums will be refunded back to the date you were disabled.	You need to be off work for six months before you're able to receive a TPD benefit unless you're suffering from one of the 'defined' TPD conditions. You can find these listed on page 21 under the heading 'Total and Permanent Disablement'.	If you're paid a TPD benefit, your death and TI cover will reduce by the amount of TPD benefit paid to you. If you have the same amount of DTI and TPD, your cover will stop.	
If you're certified as totally and permanently disabled by us, we'll refund your IP premiums back to the date of disablement. Your IP insurance will then stop.	There are various factors assessed at the time you make a claim.	You can claim IP alongside TPD or TI.	Call us on 13 MINE (13 64 63) or for more information on the conditions of release, read our 'When can I access my super' fact sheet at mine.com.au/super-factsheets

Your job classification

The cost of your insurance depends on the type of insurance you have and your circumstances, including the amount of your cover, your salary, your age, your gender, if you smoke and the job classification you have. There are five job classifications.

If you don't tell us your job classification, we'll give you a 'mining' job classification. If your job doesn't fall under the 'mining' job classification, you should tell us as you could pay more for your insurance than you have to. Open cut miners are classified as Heavy Manual, not Mining.

To tell us your correct job classification give us a call on 13 MINE (13 64 63) or fill out a Change my insurance form, which you can find at mine.com.au/super-forms

Professional

You work in a predominantly office based sedentary occupation for over 80% of your total work time and earn more than \$80,000 pa, excluding employer super contributions, so long as you're not defined as 'mining'.

White collar

You work in a predominantly office based sedentary occupation for over 80% of your total work time and earn less than \$80,000 pa, excluding employer super contributions, so long as you're not defined as 'mining'.

For the professional and white collar classifications, regardless of which classification you mark, you'll be considered white collar if we've recorded a salary of less than \$80,000 pa for you and professional if we've recorded \$80,000 pa or more.

Light manual

You perform light manual work for more than 20% of your total work time and spend less than 5% of your work time in an underground mine, so long as you're not defined as 'heavy manual' or 'mining'. This category includes duties such as carpenter, electrician, plumber and factory production manager.

Heavy manual

You perform heavy manual work or work in an open-cut mine for more than 20% of your total work time and spend less than 5% of your work time in an underground mine, so long as you're not defined as 'mining'. This category includes duties such as bricklayer, roof carpenter and truck, forklift or bulldozer driver.

Mining

You perform light or heavy manual work in an underground mine for more than 5% of your total work time or work in any other high risk occupation agreed between the insurer and Mine Super.

Your duty of disclosure

Before you enter into a life insurance contract, you have a duty to tell the insurer anything that you know, or could reasonably be expected to know, may affect their decision to insure you and on what terms.

You have this duty until the insurer agrees to insure you.

You have the same duty before you extend, vary or reinstate the contract.

You do not need to tell the insurer anything that:

- + reduces the risk they insure you for; or
- + is common knowledge; or
- + they know or should know as an insurer; or
- + they waive your duty to tell us about.

If you do not tell us something

In exercising the following rights, the insurer may consider whether different types of cover can constitute separate contracts of life insurance. If they do, they may apply the following rights separately to each type of cover.

If you do not tell the insurer anything you are required to, and they would not have insured you if you had told them, they may avoid the contract within 3 years of entering into it.

If the insurer chooses not to avoid the contract, they may, at any time, reduce the amount you have been insured for. This would be worked out using a formula that takes into account the premium that would have been payable if you had told them everything you should have. However, if the contract has a surrender value, or provides cover on death, the insurer may only exercise this right within 3 years of entering into the contract.

If the insurer chooses not to avoid the contract or reduce the amount you have been insured for, they may, at any time vary the contract in a way that places them in the same position they would have been in if you had told them everything you should have. However, this right does not apply if the contract has a surrender value or provides cover on death.

If your failure to tell the insurer is fraudulent, they may refuse to pay a claim and treat the contract as if it never existed.
