1. About us

A commitment to your financial future, and a pledge to have your back – both today, tomorrow and over the long-run.

We've come a long way since we started out over 75 years ago. Throughout the journey, we've remained of the mining community and for the mining community. We've helped our members achieve exceptional retirements throughout the years, even before super was compulsory. Proof that our commitment to our members has always remained strong, and that we'll continue to have their back.

Our dedication to you means we're here to look after all aspects of your financial future. Our products and services are designed not just to protect your financial security today, but also to give you financial freedom in retirement.

 For more information about the benefits of investing with Mine Super, go to Section 3 or mine.com.au

We offer ten investment options for you to invest your super:

- + **Four pre-mixed investment options** – Aggressive, Growth, Balanced and Stable.
- + **Six single asset class investment options** – Australian Shares, International Shares, Property, Bonds, Cash and Term Deposit.

If you don't choose which investment option/s to invest your super in, it will be invested in our MySuper default Lifecycle Strategy. You can also choose to invest in the MySuper default Lifecycle Strategy at any time. The MySuper default Lifecycle Strategy works by investing your super in the pre-mixed investment option generally appropriate for people your age. As you get older, your super's automatically switched to a less risky pre-mixed investment option.

i You can find the Product Dashboard for each of the four investment options in the MySuper default Lifecycle Strategy at mine.com.au/product-dashboard. You can find information about the Trustee, executive remuneration and other information we must make available at mine.com.au/about-us

2. How super works

About Super

Super's one of the best ways to save for your retirement. It is, in part, compulsory. Generally, you can't get hold of your super until you retire, usually after you've reached your preservation age. But there are times where you might be able to withdraw it earlier than this.

The government wants you to put money aside for when you retire and to encourage you to do this, it gives you tax breaks and other benefits.

Because some of your pay has to be paid into super when you start working, you start saving for your retirement early. The longer you save, the more money you'll have to enjoy when you retire.

i For more information about how super works, go to moneysmart.gov.au or read our **What is super?** fact sheet at mine.com.au/super-factsheets

How to increase your super savings... making contributions into your Mine Super account

There are a number of ways you can add money to your super:

Contributions from your employer

If you're employed and earn more than \$450 a month, your employer must pay 9.5% of your pay into your super on your behalf. You can generally choose which super fund you'd like your employer to contribute this to. You can also ask your employer to deduct extra money from your pay before tax is taken out, called salary sacrifice contributions.

Your own contributions

You can contribute your own money from your pay or income after tax is taken out.

i The government sets limits on how much of your contributions are taxed at the low rate applying to super funds. These limits are called 'contribution caps'. For more information read our **How much can I add to my super account** fact sheet at mine.com.au/super-factsheets

Transfer super you have in other funds into your Mine Super account

Having all your super in one fund means you won't pay multiple fees to different funds and therefore, have more money to invest for your retirement. It also makes managing your super easier. You save time, receive less paperwork and you're less likely to lose track of your super.

Government co-contribution and low income superannuation tax offset

The government has two schemes to help people on low and middle incomes save for their retirement.

- + If you contribute your own money after tax and meet certain rules, you might be eligible for the **government co-contribution**.
- + If your employer contributes the compulsory 9.5% of your pay into your super account and / or you ask your employer to make contributions from your before-tax pay, called salary sacrifice contributions, you might be eligible for the **low income superannuation tax offset**.

Contributions by your spouse

Your spouse can contribute money to your Mine Super account. They might receive a tax benefit for doing this.

Investing your super

Once you or your employer contribute money into your super, we invest it for you. Your super will increase in value if investment returns are positive and fall in value if investment returns are negative.

One of the benefits of Mine Super is that there are two ways you can invest your super.

- + **Let us do it for you** through our MySuper default Lifecycle Strategy. We'll invest it in a pre-mixed investment option generally appropriate for your age; **or**
- + **You can choose** how you want to invest your super from ten investment options.

For more information about investing your super, go to **Section 5**.

Withdrawing money from your super

The purpose of super is to save for your retirement. Because of this the government has set strict rules around when you can withdraw money from your super. Generally, your super's 'preserved', which means you can't withdraw money from it until you retire. But there are times when you might be able to withdraw it earlier than this.

You should read the important information about making contributions and withdrawing your super before making a decision. Go to mine.com.au/super-pds and read the fact sheets titled: **Boost your super with the government co-contribution; How much can I add to my super account?** and **When can I access my super?** The material relating to making contributions and withdrawing your super may change between the time you read this Statement and the day you sign the application form.

3. Benefits of investing with Mine Super

The Fund is an 'accumulation style' fund. This means the value of your account is linked directly to the value of the investment options you're invested in.

Here are some benefits of investing with Mine Super

+ **A safe and secure place for your super.**

Over 75 years ago, we began with a mission to help miners retire with dignity. Today we've grown into a fully-fledged super fund and our doors are open to all. We uphold strong safeguards that mean your super's in safe hands. We look after over \$10.6 billion for 62,900 members¹.

+ **We're value for money.**

We're a profits-to-member Fund so we don't earn a profit for ourselves or shareholders. We only cover our costs which means more for you through investment returns and lower fees and charges.

+ **You can contribute all types of super contributions into your account.**

This includes contributions from your employer, after-tax pay and before-tax pay. You can also save fees from having multiple super funds by transferring other super you have to your Mine Super account.

+ We've delivered solid long-term investment performance.

Super's a long term investment, so it's investment performance over the long term that counts. The performance of our investment options stack up well over the long-term. Our in-house investment team carefully select only the investment managers they consider the best and most appropriate to invest your super money. You should keep in mind that past performance is not a reliable indicator of future performance.

+ Investments to suit your needs and your lifestyle.

We have ten investment options for you to invest in that let you mix and match how your super's invested. Don't want to make a choice? That's ok too. Through our MySuper default Lifecycle Strategy, we'll invest your super in a pre-mixed investment option generally appropriate for your age.

+ Get insurance through your super.

You can use your Mine Super account for death and total and permanent disablement insurance and income protection insurance. Having insurance through your super can also work out cheaper and easier to manage.

+ Financial advisers there for you.

You can get financial advice from Mine Super Financial Advice. Their goal is to make sure you receive the right advice to make the most of your individual situation, and it won't cost the world.

+ Customer service that suits you.

We provide an in-house member services team, with offices in Newcastle, Warners Bay, Wollongong, Mudgee, Brisbane, Rockhampton and Mackay. We can also meet you in Perth, Muswellbrook, Sydney and other major regional coal mining centres by appointment. We offer regular communications, seminars and workshops and a secure website where you can transact, view and update your account online.

+ A home for all your super always.

You can enjoy the benefits of being a Mine Super member over your whole life. You can take your super account with you from one job to the next. When it comes time to retire you can invest your super in our flexible pension.

Don't take our word for it... here's what the experts think

Two of the super industry's most respected companies that rate super funds, SuperRatings and Chant West, have awarded us their highest rating. You can compare Mine Super against other super funds at our website using Chant West's AppleCheck.

 For more information about the benefits of investing with Mine Super, go to mine.com.au

4. Risks of super

When thinking about super, it's important to understand its risks so you can make the right choices:

- + All investments have risk and the value of your super will vary.
- + Different investment strategies, such as the investment options you invest in, have different levels of risk depending on the assets they're invested in. To measure these risks, we've adopted 'Standard Risk Measures' (SRMs) developed by the super industry. Information about Aggressive's SRM can be found in **Section 5**. The SRMs for our other investment options can be found in their fact sheets. Go to mine.com.au/super-pds

- + The returns from investments are affected by things such as inflation, interest rates and market conditions. The value of currencies can also have an impact, particularly if you invest in international shares.
- + Assets with the highest long-term returns, such as shares and property, might also have the highest short-term risk. Cash and bonds generally have less potential for high long-term returns, but also tend to have less short-term risk.
- + The return you get from your super will vary and future returns could be different from past returns.
- + Returns are not guaranteed and you might lose some of your money.
- + Super laws might change.
- + The amount of super you end up with when you retire might not be enough for you to have a comfortable retirement.
- + How much risk you take is your decision and depends on your age, how long you'll invest for, your other investments, how comfortable you are with the possibility of losing some of your super in some years, among other considerations.

5. How we invest your money

We offer ten investment options for you to invest your super:

Four pre-mixed investment options – Aggressive, Growth, Balanced and Stable.

Six single asset class investment options – Australian Shares, International Shares, Property, Bonds, Cash and Term Deposit.

! Warning: When you're thinking about which investment options to invest in, you should consider the likely investment return, risk and how much time you have to invest.

Mine Super gives you choices

One of the benefits of Mine Super is that you can choose which investment options your super's invested in or make no choice and have it automatically invested in our MySuper default Lifecycle Strategy.

- + **Make no choice and your super will be invested in our MySuper default Lifecycle Strategy.** The MySuper default Lifecycle Strategy works by investing your super in the pre-mixed investment option generally appropriate for people your age. As you get older, your super's automatically switched to a less risky pre-mixed investment option.
- Or
- + **Choose your own investment options.** You can choose any mix of the four pre-mixed and six single asset class investment options. The mix you choose must add up to 100%. You can also choose to invest your current account balance and future contributions differently or invest in our MySuper default Lifecycle Strategy at any time.

i To help you decide how to invest your super, it's important to understand some basic investment concepts. See our investment fact sheets at mine.com.au/super-factsheets

An example of our investment options – Aggressive

Invests primarily in shares, property, unlisted equities, infrastructure and other alternatives that aim to maximise returns by taking greater risk.

Who is Aggressive suitable for?

Suitable for people with five or more years to invest their super.

If you're under age 45 and don't make an investment choice, we'll automatically invest your money in Aggressive as part of our MySuper default Lifecycle Strategy.

What assets does Aggressive invest in?

	Target range	Allowable range
Australian Shares	30-45%	20-50%
International Shares	30-45%	20-50%
Property	3-17%	0-20%
Alternatives	5-28%	0-40%
Cash	0-9%	0-10%

What's the investment return objective?

Achieve a return exceeding the increase in the Consumer Price Index (CPI) by at least 3.5% pa, after tax and investment costs, over any ten year period.

Example: If the ten-year CPI is 3% pa, the investment objective will be for investment returns to exceed 6.5% pa, after tax and investment costs, over the ten year period.

What's the minimum time you should invest in Aggressive?

At least five years.

Aggressive's standard risk measure

Aggressive's risk level is high. The table below shows the estimated number of annual negative returns over any 20 year period. These negative returns can be experienced several years apart or several years in a row within the 20 year period.

i For more information about the standard risk measure read the Aggressive fact sheet at mine.com.au/super-pds

How can you change the investment options you're invested in?

You can switch investment options through your online member account or by filling in the **Make an investment choice** form.

i To help you decide how to invest your super, it's important to understand some basic investment concepts. See our investment fact sheets at mine.com.au/super-factsheets

Who do we invest your super with?

We appoint professional investment managers to invest your super. We regularly review their performance and can remove managers and add new ones.

i For more information about our investment managers go to mine.com.au/how-we-invest-your-money

Can our investment options be changed?

Yes, in the future we might offer new investment options or close or change existing ones.

Do we take labour standards or environmental, social or ethical considerations into account?

We have no pre-determined method for taking into account these considerations, but they may be taken into account if they affect the risk and/or performance of the Fund's investments. We don't apply any specific methodology, but we can exclude particular companies or classes of assets when deemed appropriate by the Trustee.

You should read the important information about our ten investment options before making a decision. Read the fact sheets titled: **Aggressive; Growth; Balanced; Stable; Australian Shares; International Shares; Property; Bonds; Cash** and **Term Deposit** at mine.com.au/super-pds. The material relating to our ten investment options may change between the time you read this Statement and the day you sign the application form.

6. Fees and costs²

This document shows fees and other costs that you may be charged. These fees and other costs may be deducted from your money, from the returns on your investment or from the assets of the superannuation entity as a whole.

Other fees, such as activity fees, advice fees for personal advice and insurance fees, may also be charged, but these will depend on the nature of the activity, advice or insurance chosen by you.

Taxes, insurance fees and other costs relating to insurance are set out in another part of this document.

You should read all the information about fees and other costs because it is important to understand their impact on your investment.

The following is a consumer advisory warning which, by law, we must show.

Did you know?

Small differences in both investment performance and fees and costs can have a substantial impact on your long term returns. For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30 year period (for example reduce it from \$100 000 to \$80 000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You or your employer, as applicable, may be able to negotiate to pay lower fees. Ask the fund or your financial adviser.

To find out more

If you would like to find out more, or see the impact of the fees based on your own circumstances, the Australian Securities and Investments Commission (ASIC) website (www.moneysmart.gov.au) has a superannuation calculator to help you check out different fee options.

² All our fees and costs include GST where applicable.

To make it easy for you to compare fees and costs across different funds, we must set out our fees and costs in the following way. Our fees and costs are either deducted directly from your account, for example the Administration fee, or deducted from the investment option you're invested in before earnings are credited to your account.

The fee table below shows an estimate of the fees a member with an account balance of \$50,000 would pay as at the date of this Product Disclosure Statement. Actual fees may vary.

Mine Superannuation Fund

(Based on a member with a \$50,000 account balance)

Type of fee or cost	Amount	How and when paid
Investment fee³	Aggressive 0.39%, Growth 0.37%, Balanced 0.32%, Stable 0.29%, Australian Shares 0.22%, International Shares 0.33%, Property 0.07%, Bonds 0.18%, Cash 0.10%, Term Deposit 0.00%	We generally calculate and deduct this fee daily when unit prices are determined.
Administration fee	\$2 per week (\$104 pa) + 0.16%. Percentage fee is zero for Term Deposit.	We generally deduct the dollar based administration fee on the last day of the month from your super account balance. We generally calculate and deduct the percentage based administration fee when unit prices are determined.
Buy-sell spread	Nil	
Switching fee	Nil	
Exit fee⁴	Nil	
Advice fees relating to all members investing in a particular MySuper product or investment option	We offer a complimentary appointment with a financial adviser for all members and personal advice fees are up to a maximum of \$2,750.	You pay or, for the portion of the advice that is super related, you can choose to have it deducted from your super account.
Other fees and costs⁵	Nil	
Indirect cost ratio (ICR)³	Aggressive 0.43%, Growth 0.48%, Balanced 0.51%, Stable 0.47%, Australian Shares 0.00%, International Shares 0.00%, Property 0.05%, Bonds 0.11%, Cash 0.01%, Term Deposit 0.00%	This is an estimate of the annual indirect cost ratio for each investment option. The actual costs are deducted from the return paid to the Fund when each unit price is determined.

- ³ The investment fees and indirect costs shown are estimated by reference to investment related fees and costs, including underlying investment manager costs, incurred for the 12 month period to 30 June 2018. Accordingly, actual investment and indirect costs over the current period of the PDS will vary based on actual fees and costs incurred in that period.
- ⁴ If you invest in the Term Deposit investment option, the financial institution that issues your term deposit might charge early exit or termination fees if you terminate your term deposit before the expiry of the fixed term. Details of these fees will be available at the time you make an investment and vary across financial institutions. These fees aren't charged by Mine Super.
- ⁵ We may apply other fees and costs which relate to family law splits, answering subpoenas, advice fees for personal advice and insurance fees. See the **'Fees information'** factsheet for further details.

An example of annual fees and costs

This table gives an example of how the fees and costs for the MySuper default Lifecycle Strategy, Aggressive investment option for this superannuation product can affect your superannuation investment over a one year period. You should use this table to compare this superannuation product with other superannuation products.

Example - Aggressive		Balance of \$50 000
Investment fees	0.39%	For every \$50 000 you have in Aggressive you will be charged \$195 each year
Plus Administration fees	0.16% plus \$104	And , you will be charged \$80 plus \$104 in administration fees regardless of your balance
Plus Indirect costs for Aggressive	0.43%	And , indirect costs of \$215 each year will be deducted from your investment
Equals Cost of product	\$594	If your balance was \$50 000, then for that year you will be charged fees of \$594 for Aggressive.

If you close your account you won't be charged an exit fee or a buy/sell spread.

Can we change our fees and costs?

Yes, we can change our fees and costs without your consent. We'll give you at least 30 days notice of any change. Investment fees and indirect fees may vary as the actual fees and costs charged by the Fund vary. No notice is provided of these changes.

Financial advice fees

If you need financial advice, Mine Super Financial Advice⁶ is here to provide the help you need to make confident and informed financial decisions.

You'll need to complete a **Financial advice fee authorisation** form and return it to us before we can deduct financial advice fees from your account.

 For more information about Mine Super Financial Advice, read the **Here to help you make confident and informed financial decisions** fact sheet at mine.com.au/super-factsheets

! Warning: If you get financial advice from Mine Super Financial Advice, you might have to pay extra fees. The fees you'll be charged will be outlined in a Statement of Advice. The cost of financial advice and how you pay for it depends on the type of advice you're looking for.

⁶ Advice is provided by Mine Super Financial Advice a trading name of Mine Super Services Pty Ltd ABN 49 051 315 014 AFS licence 502700, and is a related entity to the Trustee.

You should read the important information about fees at mine.com.au/super-pds before making a decision. Read the fact sheet titled **Fees information**. The material relating to fees may change between the time you read this Statement and the day you sign the application form.

7. How super is taxed

When money is paid into your account:

- + **Contributions from your employer and before-tax pay (salary sacrifice)** – these are taxed at 15% if you earn less than \$250,000 pa and 30% if you earn more than \$250,000 pa. If you contribute amounts above the government's yearly limit, or 'contribution cap', you might have to pay extra tax. For information about withdrawing these excess contributions and the tax implications, read our **How much can I add to my super account?** fact sheet at mine.com.au/super-pds
- + **Contributions you make from your after-tax pay, income or savings** – these aren't taxed, except if you contribute an amount above the government's yearly limit.
- + **Contributions from your spouse (spouse contributions)** – these contributions aren't taxed. If you earn less than \$40,000 a year, your spouse might be eligible for an 18% income tax offset on the first \$3,000 they put into your super account each year.

Warning: The government has set limits, called 'contribution caps', on how much you can contribute into super at the low 15% tax rate. If you exceed these limits you'll pay extra tax.

Investment earnings

These are generally taxed at 15%. This tax is deducted from the investment option you're invested in before earnings are allocated to your account.

When you withdraw money from your account

The tax you pay when you withdraw money from your super depends on your age:

- + **Age 60 and over:** You won't pay tax.
- + **Your preservation age – age 59:** Part of your 'taxable component' (the part of your super you have to pay tax on) is tax-free. Amounts above this tax-free portion are taxed. To work out the amount of your 'taxable component' that's tax-free, go to mine.com.au/withdrawal-tax
- + **Under preservation age:** The full 'taxable component' is taxed at your marginal tax rate or 22%, whichever is lower, which includes the Medicare Levy.

If you have to pay tax, we'll deduct it from your withdrawal benefit. Your super won't be taxed if you transfer it to another super fund or pension.

Tax paid on death benefits

If you die, the amount of tax deducted depends on who receives your super.

- + **Paid to dependants** – Tax-free⁸.
- + **Paid to non-dependants** – The 'taxable component' is taxed at your marginal tax rate or 17%, whichever is lower, which includes the Medicare Levy.

For more information about dependants, read our **Nominating beneficiaries** fact sheet at mine.com.au/super-factsheets

⁸ Adult children who aren't financially dependent or in an interdependency relationship with their parents are considered dependants under super law but non-dependents under tax law. Therefore, if they receive a death benefit they would need to pay tax.

Tax paid by temporary residents and working holiday makers

If you're a temporary resident or working holiday maker you can apply to withdraw your super if you leave Australia. For temporary residents the 'taxable component' is taxed at 35% and the 'untaxed component' is taxed at 45%, while if you're a working holiday maker your full benefit will be taxed at 65%. These tax rates don't include the Medicare Levy, which might be payable.

! Warning: You should give us your Tax File Number (TFN) when you open your account with us. If you don't, you may pay extra tax when you contribute money into your account or withdraw money, or you might not be able to make some types of contributions. It will also be more difficult to trace different super accounts in your name so that you receive all your super when you retire.

i For more information about TFNs, read our **Your Tax File Number and super** fact sheet at mine.com.au/super-factsheets

You should read the important information about contribution caps before making a decision. Read the fact sheet titled **How much can I add to my super account?** at mine.com.au/super-pds. The material relating to contribution caps may change between the time you read this Statement and the day you sign the application form.

8. Insurance in your super

! Warning: This is only a general summary of our insurance. You can find other important information about insurance, such as the cost of this insurance and if you're eligible to take out insurance through your Mine Super account, in our **Insurance Guide**. You should read the information in the full PDS including the **Insurance Guide**, before deciding if this insurance is appropriate. You can find these documents at mine.com.au/super-pds

There's a cost for having insurance through your account. Depending on the type of insurance you have, the cost of your insurance might vary because of the amount of your insurance, your salary, age, gender, if you smoke and the type of job classification you have. We deduct this cost from your account monthly in arrears, which covers you for that month.

If insurance is automatically added to your account (if you're eligible), we'll automatically deduct the cost of this insurance from your account unless you tell us that you don't want this insurance.

Types of insurance you can have

We offer two types of insurance:

- + Death and Terminal Illness (DTI) and Total and Permanent Disablement (TPD) insurance.
- + Income Protection insurance.

DTI and TPD insurance

There are two types of DTI and TPD insurance – Basic Insurance Cover and Voluntary Insurance Cover.

Both provide you with:

- + **Death and Terminal Illness (DTI) insurance** – pays a lump sum if you die or if you're terminally ill and have less than 24 months to live.
- + **Total and Permanent Disablement (TPD) insurance** – pays a lump sum if you become totally and permanently disabled.

More about Basic Insurance Cover

If you're eligible, you automatically receive Basic Insurance Cover when you open your account. You don't need to apply or have your health assessed. You'll receive a set amount of insurance, between \$5,000 and \$100,000, based on your age. Most people working will get automatic insurance. If you're not working you can apply for Voluntary Insurance Cover by completing a form.

Generally, you're eligible if you're aged 15 to 64 and employed, provided your employer makes their first contribution to your account within 180 days of you starting work with them.

The cost of this insurance depends on the amount of your insurance, your age, your gender and the type of 'job classification' you have. Go to the **Your job classification** section of the **Insurance Guide** to find out what job classification your job falls under. If you don't tell us your job, we'll give you a 'mining' job classification.

The cost of Basic Insurance Cover ranges between \$2.49 per month and \$63.09 per month for males and \$1.98 per month to \$57.13 per month for females. As you get older, the amount of your Basic Insurance Cover and in turn, its cost, will automatically change.

More about Voluntary Insurance Cover

You can apply for extra Voluntary DTI and TPD Insurance Cover. There are forms to fill out and you'll need to have your health assessed.

 For more information about Basic Insurance Cover and Voluntary Insurance Cover, including the cost, read the **Insurance Guide** at mine.com.au/super-pds

Income Protection insurance

Income Protection insurance replaces part of your pay if you become sick or injured and can't work, helping protect you and your family from financial hardship while you recover. The benefit you receive will be 75% of your salary before tax is taken out (gross salary) that you earned over the previous 12 months plus a further 9.5% of that salary paid as a super contribution to your Mine Super account.

If your employer contributes money into your account and you meet the eligibility criteria, you'll automatically receive Income Protection insurance. We won't ask you any questions about your health or lifestyle.

If your employer isn't contributing to your Mine Super account, you're between jobs or don't meet the eligibility criteria, you can still apply for Income Protection insurance by completing the **Apply for Income Protection insurance** form.

The cost of Income Protection insurance depends on your salary, your age, your gender and the type of 'job classification' you have. Go to the **Your job classification** section of the **Insurance Guide** to find out what job classification your job falls under. If you don't tell us your job or salary, we'll give you a 'mining' job classification and a salary of \$80,000 pa. If you don't provide us with information on your salary or occupation and don't vary the standard waiting period or benefit payment period, for \$1,000 of cover the cost of your Income Protection insurance will range between \$0.15 per month and \$1.66 per month for males and \$0.20 per month and \$2.32 per month for females, depending on your age. The cost of your insurance includes 7.2% for government stamp duty.

Can I cancel my insurance?

Yes, you can cancel your DTI and TPD insurance and Income Protection insurance at any time by calling us on 13 MINE (13 64 63) or completing the **Cancel my insurance** form. If you cancel your Basic Insurance Cover within 90 days of the date of your welcome letter we will refund your premiums to your account.

Can I change my insurance?

DTI and TPD insurance

- + **Basic Insurance Cover** – You can increase this insurance under our 'Introductory cover option' by completing the **Your super account essentials** form. You can find more information about this option in the **Insurance Guide**.
- + **Voluntary Insurance Cover** – You can apply to change this insurance at any time, including increasing it under our 'Significant Life Event option'. You can find more information about this option in the **Insurance Guide**.

Income Protection insurance

You can apply to change the amount you're covered for, in line with changes to your salary, waiting period and benefit period. You can find more information about this in the **Insurance Guide**.

You should read the important information about insurance before making a decision. Read the document titled **Insurance Guide** at mine.com.au/super-pds. The material relating to our insurance may change between the time you read this Statement and the day you sign the application form.

9. How to open an account

There are two ways you can open an account with Mine Super.

Employer-sponsored members

You're an employer-sponsored member if your employer is registered with us and is paying the compulsory super contributions they need to make for you into your Mine Super account.

We'll automatically open an account for you when we receive the first super payment from your employer.

Personal members

You're a personal member if you choose to open a Mine Super account or an account is opened for you because of a family law split. Anyone can open a super account with us.

To open an account you can either:

- + join online at mine.com.au/join
- + fill out a Membership application.

If you're a personal member, you'll automatically be transferred to our employer-sponsored category if your employer starts contributing money to your Mine Super account.

Generally, we'll credit your first contribution to your account on the date we receive it. If there's a delay setting up your account because we're missing information from you we'll keep any interest earned on this contribution while we wait to set up your account.

What if I change my mind? (cooling off period)

If you've chosen to open an account (as opposed to your employer signing you up) or an account was opened for you because of a family law split, you can cancel it by writing to us within 14 days of the earlier of:

- + the date we write to you to confirm we've opened your account
- + five days after we've set up your account.

You'll need to tell us which super fund to transfer your super money to. The amount you'll receive back will be adjusted for investment earnings, which could be positive or negative.

You won't have this 14 day period to cancel your account if you've made a transaction on your account, such as changing investment options, nominating a beneficiary or taking out insurance.

For employers

If you're a standard employer sponsor, that is, have chosen Mine Super to be the default fund for your employees, you can cancel this arrangement within 14 days from, whichever is earlier:

- + the day we confirm your application
- + the end of the fifth day from when we first open an account for your employees.

Making a complaint

If you have any issues or concerns about your super account, you can contact us on 13 MINE (13 64 63) or 02 4948 3333.

If you're not satisfied with our response, you can lodge a complaint with us by phone, by emailing help@mine.com.au or by writing to our Complaints Officer at Mine Superannuation Fund, Locked Bag 2020 Newcastle NSW 2300.

 For more information about making a complaint, go to mine.com.au/complaints

How we protect your personal information – our Privacy Policy

We need to collect information about you to properly set up and manage your account. The government has put in place laws around how we manage this information to make sure it's protected.

You should read the important information about privacy before making a decision at mine.com.au/super-pds. Read the fact sheet titled **Privacy Collection Notice**. The material relating to privacy may change between the time you read this Statement and the day you sign the application form. 2. Your Tax File Number

You don't have to give us your Tax File Number (TFN). However, if you don't, your super contributions could be taxed an extra 32% and you won't be able to make contributions from your after-tax pay or income. See our PDS for more information on the consequences of not supplying your TFN.

Do you agree to provide your TFN? Yes My TFN is No

Under the Superannuation Industry (Supervision) Act 1993 we're authorised to collect your TFN, which will only be used for lawful purposes. These purposes may change in the future as a result of legislative change. We may disclose your TFN to another superannuation provider when your benefits are being transferred, unless you tell us in writing not to. If you provide your TFN, we'll also provide your TFN to the Commissioner of Taxation. Otherwise your TFN will be treated as confidential.

3. We can help you find your other super

Would you like us to use your TFN to find any other super you might have and help combine your super accounts? If you'd like us to search for other super accounts you might have, we may need to provide your TFN to the tax office and other super funds. Yes No

4. Protect yourself and your family with insurance

To find out more about our insurance, see our Product Disclosure Statement and Insurance Guide at mine.com.au/super-pds

Your duty of disclosure

Before you enter into a life insurance contract, you have a duty to tell the insurer anything that you know, or could reasonably be expected to know, may affect their decision to insure you and on what terms.

You have this duty until the insurer agrees to insure you.

You have the same duty before you extend, vary or reinstate the contract.

You do not need to tell the insurer anything that:

- + reduces the risk they insure you for; or
- + is common knowledge; or
- + they know or should know as an insurer; or
- + they waive your duty to tell us about.

If you do not tell us something

In exercising the following rights, the insurer may consider whether different types of cover can constitute separate contracts of life insurance. If they do, they may apply the following rights separately to each type of cover.

If you do not tell the insurer anything you are required to, and they would not have insured you if you had told them, they may avoid the contract within 3 years of entering into it.

If the insurer chooses not to avoid the contract, they may, at any time, reduce the amount you have been insured for. This would be worked out using a formula that takes into account the premium that would have been payable if you had told them everything you should have. However, if the contract has a surrender value, or provides cover on death, the insurer may only exercise this right within 3 years of entering into the contract.

If the insurer chooses not to avoid the contract or reduce the amount you have been insured for, they may, at any time vary the contract in a way that places them in the same position they would have been in if you had told them everything you should have. However, this right does not apply if the contract has a surrender value or provides cover on death.

If your failure to tell the insurer is fraudulent, they may refuse to pay a claim and treat the contract as if it never existed.

4a. Do you want to apply for insurance or transfer in insurance from another provider?

You can apply for or transfer in any income protection or death and total and permanent disablement insurance you have with another fund or insurer.

The benefits of transferring include that:

- + all your insurance is in one place and you save on multiple fees charged by different providers
- + you receive cover without having your health and lifestyle fully assessed. While exclusions and premium loadings transfer over, you don't pay the loadings
- + if you transfer in your other income protection insurance, the usual exclusion on existing sickness won't apply.

Yes, I would like to **apply for insurance**, please send me the insurance application forms. Yes, I would like to **transfer insurance**, please send me a transfer insurance form.

Turn over to finish filling out this form...

4b. If you're self-employed, do you want Limited Basic Insurance Cover?

To be eligible for Limited Basic Insurance Cover, which provides a set amount of death and total and permanent disablement cover based on your age without having your health assessed, you must be self-employed, an Australian Resident, which is a person entitled to hold an interest in a registered Australian super fund, and not have been paid or are not in the process of being paid a terminal illness or total and permanent disablement benefit.

See our PDS and Insurance Guide for more information about Limited Basic Insurance Cover for the self-employed.

Are you self-employed and operating a business as a self-employed individual, partnership or through a controlled entity? If you're eligible, do you want Limited Basic Insurance Cover?

 Yes No Yes. Tell us your **job classification** below No

For limited Basic Insurance Cover, tell us your job classification to make sure you're not paying too much

The type of work you do affects the cost of all your insurance with us. New members automatically have a **Mining** job classification. If you're not an underground miner, let us know, or you could be paying too much for your insurance. If you're unemployed, retired or not working, select 'light manual'. Your new insurance premiums will apply from the date you sign this form and your application is accepted.

For the **professional** and **white collar** classifications, regardless of which classification you mark, you'll be considered white collar if we've recorded a salary of less than \$80,000 pa for you and professional if we've recorded \$80,000 pa or more.

Mark 'X' in one box

Professional: You work in a predominantly office based sedentary occupation for over 80% of your total work time and earn more than \$80,000 pa, excluding employer super contributions, so long as you're not defined as 'mining'.

White collar: You work in a predominantly office based sedentary occupation for over 80% of your total work time and earn less than \$80,000 pa, excluding employer super contributions, so long as you're not defined as 'mining'.

Light manual: You perform light manual work for more than 20% of your total work time and spend less than 5% of your work time in an underground mine, so long as you're not defined as 'heavy manual' or 'mining'. This category includes duties such as carpenter, electrician, plumber and factory production manager.

Heavy manual: You perform heavy manual work or work in an **open-cut mine** for more than 20% of your total work time and spend less than 5% of your work time in an underground mine, so long as you're not defined as 'mining'. This category includes duties such as bricklayer, roof carpenter and truck, forklift or bulldozer driver.

Mining: You perform light or heavy manual work in an **underground mine** for more than 5% of your total work time or work in any other high risk occupation agreed between Mine Super and the insurer.

If your failure to tell the insurer is fraudulent, they may refuse to pay a claim and treat the contract as if it never existed.

3a. Check how much you're paying for insurance

Are you eligible for automatic insurance?

You may be given automatic insurance. However, it's important to check you're eligible so you're not paying for cover you can't use.

- You're not an Australian or New Zealand citizen or a resident visa holder. You're not entitled to automatic insurance.
- You've been paid, or been entitled to be paid, a Terminal Illness benefit from any super fund or life insurance policy. You're not entitled to Death and Total and Permanent Disablement cover. However, you're still entitled to Income Protection insurance. Go to section 3c of this form to consider our new member special offer.
- You've been paid, or been entitled to be paid, a Total and Permanent Disablement benefit. You're eligible for limited Death and Total and Permanent Disablement cover and Income Protection insurance.

Tell us your job classification and make sure you're not paying too much for insurance

The type of work you do affects the cost of all your insurance with us. New members automatically have a **Mining** job classification. If you're not an underground miner, let us know, or you could be paying too much for your insurance. If you're unemployed, retired or not working, select 'light manual'. Your new insurance premiums will apply from the date you sign this form and your job nomination is accepted.

For the **professional** and **white collar** classifications, regardless of which classification you mark, you'll be considered white collar if we've recorded a salary of less than \$80,000 pa for you and professional if we've recorded \$80,000 pa or more.

Mark 'X' in one box

- Professional:** You work in a predominantly office based sedentary occupation for over 80% of your total work time and earn more than \$80,000 pa, excluding employer super contributions, so long as you're not defined as 'mining'.
- White collar:** You work in a predominantly office based sedentary occupation for over 80% of your total work time and earn less than \$80,000 pa, excluding employer super contributions, so long as you're not defined as 'mining'.
- Light manual:** You perform light manual work for more than 20% of your total work time and spend less than 5% of your work time in an underground mine, so long as you're not defined as 'heavy manual' or 'mining'. This category includes duties such as carpenter, electrician, plumber and factory production manager.
- Heavy manual:** You perform heavy manual work or work in an **open-cut mine** for more than 20% of your total work time and spend less than 5% of your work time in an underground mine, so long as you're not defined as 'mining'. This category includes duties such as bricklayer, roof carpenter and truck, forklift or bulldozer driver.
- Mining:** You perform light or heavy manual work in an **underground mine** for more than 5% of your total work time or work in any other high risk occupation agreed between Mine Super and the insurer.

3b. Double your Basic Insurance Cover – use within 60 days!

- + You can double your Basic Insurance Cover within 60 days of the date of your welcome letter without having your health assessed.
- + If you're aged 50 or over and would like to take up this offer, you'll also need to complete the Double your Basic Insurance Cover form included with your Welcome Pack and send it back to us. If you're under age 50 simply tick the box below.

Yes, I'd like to double my Basic Insurance Cover. Please note that this will double the cost of your Basic Insurance Cover.

3c. Tailor your Income Protection insurance

New member special offer

You can improve your Income Protection insurance within 60 days of your welcome letter and be covered for existing sicknesses and not pay 20% extra if you smoke. You must meet the eligibility terms outlined in the Insurance Guide to qualify for this offer.

Increase your insured salary to match your actual income

- + We automatically record a salary of \$80,000 pa for you to work out the amount and cost of your Income Protection insurance. If you earn less than the salary we've recorded for you, you'll only be insured for your actual salary and could be paying too much for your insurance. Your actual salary is what you earn before tax is taken out (gross salary) in the 12 months immediately prior to the date you become disabled. It includes incentive based payments and bonuses, overtime, shift loadings and allowances and any salary package you could otherwise take as cash. If you've worked for a participating employer for less than 12 months, your salary will be based on your average salary for the time you've worked for this participating employer.
- + You can choose a lower salary than your actual salary to reduce your insurance costs.

\$ **What annual salary do you want to record for your Income Protection insurance?**

Your nominated salary won't change until you nominate a new amount.

Reduce your waiting period from 60 days to 30 days

A 30 day waiting period will increase your insurance costs by 50%.

Change my waiting period to 30 days

Increase the standard benefit payment period from two years to five years

A five year benefit payment period will increase your insurance cost by 80% and isn't available if you have a waiting period of up to two years under the Policy Extension Option.

Change my benefit payment period to five years.

Alternatively, you can increase your waiting period to reduce the cost of your insurance.

To do this mark 'X' in one box

90 days. Your insurance costs will reduce by 10%

120 days. Your insurance costs will reduce by 20%

You can also choose a period of **up to two years**, as per the Policy Extension Option. However, your insurance costs will stay the same. You must apply for this extension within 90 days of your cover automatically starting.
